

## **It's Stand Up Comedy Night in your Living Room!**

If you have a printer, make two copies of pages 2, 3, and 4, and ask one of your family members to be your "side kick", (your comedy partner!). If you don't have a printer, copy the jokes on to "cue cards". Fill in your names so you are starting each joke and delivering the punch line, and your side kick is saying the other lines. You will want to rehearse the jokes in another room a couple of times before your performance, making sure you are using lots of expression when telling the joke. Make fake mics if you want!

### **Costumes:**

These jokes all relate to an "Under the Sea" theme so you may want to dress the part:

- wear shorts, a t-shirt, and sunglasses
- wear goggles and a snorkle
- make a grass skirt out of a big black or green garbage bag
- put fake flowers in your hair

### **Stage:**

Designate an area of your living room, or out on your deck, as the stage area. The jokes are meant to take place on a cruise ship, so you may want to make posters to decorate the stage. You may even want to make 2 cardboard portholes you could pop your head through.

### **Ambiance:**

You may want to set up audience seating and serve popcorn and pop or juice. If your family is on Zoom, you may want to invite grandparents or family members who live in other houses to join in as the audience!

Feel free to record your performance and send it to your teacher!

The most important thing to remember is...HAVE FUN!!!
