

Problem Solving Fun

Can you solve the questions below?

#1

Fun Foods Canteen has the following menu this week. If you choose one main, one side, and one drink per order, how many different combinations can you make?

Mains	Sides	Drinks
Burger	Fries	Water
Pizza	Salad	Juice
Chicken Fingers	Chips	Pop

#2

Gregory has planted his garden and has forgotten where he planted what. He does remember these facts:

- The row of corn is not an end row.
- The peas are beside the carrots.
- The potatoes are not beside the corn.
- The carrots are in the second row.
- The lettuce is an end row.

Help Gregory figure out where he planted which vegetables.

Row 1

Row 2

Row 3

Row 4

Row 5
