

How to Play Multiplication Bingo

Materials Needed:

- Game Board
- 2 Dice (6 sided or 10 sided depending on how difficult you want the multiplication facts to be)
- Marker or crayon

Game Play:

- This game is meant to be played by yourself
- Roll two dice and multiply them
- When you figure out the answer, find it on the BINGO board and cross it off.
- Keep playing until you get five in a row!
